Indian Institute of Technology, Bombay

Education

2018 – 2021* **Indian Institute of Technology Bombay, India** 9.71 CPI
B.S. *Mathematics*

2016 – 2018 **Nehru Smaraka Vidyalaya** 94.00%
Intermediate/+2

2016 **Ryan International School** 94.67%
Matriculation

Reading Projects

2021 **Representation Theory** *Guide: Prof. Ananthnarayan Hariharan | IIT Bombay*
Read *Representation Theory of Finite Groups* by *Benjamin Steinberg* and covered topics such as Maschke's Theorem, the orthogonality relations, characters, permutations and regular representations, induction of representations, dimension theorem, representations of dihedral and symmetric groups and applications to group theory such as Burnside's pq-theorem.
The report can be found here.

2020 **Algebraic Topology** *Guide: Prof. Rekha Santhanam | IIT Bombay*
Read homotopy theory including theorems like Van Kampert Theorem, existence of a universal covering space, Galois correspondence for covering spaces and applications to group theory.
Also read homology theory and applications such as invariance of domain, degree of maps, hairy ball theorem as well as CW complexes.
The report and related presentation can be found here.

2020 **Primes is in P** *Guide: Prof. Ronnie Sebastian | IIT Bombay*
Read the paper *PRIMES is in P* by *Manindra Agrawal, Neeraj Kayal, Nitin Saxena* about the **AKS Algorithm** and wrote a report on that, which can be found at the end of notes here.

2019 **Posets** *Guide: Prof. Koushik Saha | IIT Bombay*
Read about posets from *Enumerative Combinatorics* by *Richard P. Stanley* and gave a presentation on it as part of extra reading in Combinatorics, which can be found here.

2019 **Topology - Classification of Surfaces** *Guide: Senior Student | IIT Bombay*
Read about Topology and made a report that contains an introduction to topology and a proof of the Classification of Surfaces, which can be found here.

Academic Achievements

2021 Department Rank **1** in the Mathematics Department.

Awarded **AP** grade in

2019 MA 403 (**Real Analysis**), awarded to 2 out of 70 students.

2019 MA 419 (**Basic Algebra**), awarded to 1 out of 70 students.

2019 CS 228 (**Logic for CS**), awarded to 2 out of 132 students.

2018 CS 101 (**Computer Programming**), awarded to 5 out of 663 students.

Academic Achievements (continued)

2018 Achieved All-India Rank **595** out of 1,000,000 participants in **JEE (Main) 2018**.

2018 Achieved All-India Rank **742** out of 165,000 participants in **JEE (Advanced) 2018**.

2018 Secured a seat in **Chennai Mathematical Institute (CMI)** on the basis of my performance in its entrance exam.

2017 Secured an All-India Rank of **147** out of 50,000 in the **Kishore Vaigyanik Protsahan Yojana (KVPY) 2017** scholarship exam.

2018 A recipient of the KVPY fellowship offered by the **Indian Institute of Science** (IISc) and attended the Vijyoshi Camp conducted in IISc.

Select Courses Undertaken

Mathematics	Foundational Mathematics and Proof Writing, Calculus, Linear Algebra, Ordinary Differential Equations, Real Analysis, Complex Analysis, Combinatorics, Basic Number Theory, Multivariable calculus, Topology, Measure Theory, Group Theory, Ring Theory, Galois Theory, Module Theory, Theory of Free Resolutions
Computer Science	Computer Programming and Utilisation, Logic for CS, Topics in Mathematical Foundations of Formal Verifications, Data Structures and Algorithms

Teaching

2019-2021 Entrusted with the responsibility of being a Teaching Assistant in IIT Bombay for the following courses

Year	Course	Course Instructor
2021	MA 106, Linear Algebra	*Prof. Sudhir R. Ghorpade*
2020	MA 109, Calculus I	*Prof. Ravi Raghunathan*
2020	MA 205, Complex Analysis	*Prof. Sudarshan R. Gurjar*
2020	MA 108, Ordinary Differential Equations	*Prof. Preeti Raman*
2020	MA 106, Linear Algebra	*Prof. Jugal K. Verma*
2019	MA 105, Calculus	*Prof. Sudhir R. Ghorpade*

This involved

- conducting tutorial sessions for a batch of 50 students throughout the course and helping them clear conceptual doubts through personal interaction,
- correction of answer sheets,
- creating webpages containing compilation of personal solutions, extra questions, and relevant resources which was used by 1400+ freshmen.

The latest three courses were conducted completely in online mode.

2020 Conducted nine sessions for teaching concepts of Computer Programming, Calculus, Linear Algebra, Complex Analysis and helping in solving doubts, organised by the Student Support Services, IIT Bombay.

2019 Completed 80 hours of community service by teaching in NGOs as a volunteer of National Service Scheme, IIT Bombay.

2018 Conducted a help session on *proof-writing* for fellow classmates upon request by instructor.

2018 Was a speaker for two help sessions for CS 101 conducted by the PG Academic Council.

2018 Mentored a team of students at the Code Camp organised by CodePrompt, Internet Academy in association with the Web and Coding Club, IIT Bombay.

Miscellaneous

Maths and Physics Club, IIT Bombay

- Conducted activities in a team of 7 to foster enthusiasm in mathematics and physics, tending to a community of 400 - 500 in campus with an online presence of over 8000.
- Worked in conducting of Summer Of Science 2019, a novel initiative through which over 400 students got an opportunity to pursue a reading project in a topic of their interest, under the guidance of over 120 senior student mentors.
- Conducted the quizzing event Bazinga! Maths which involved hosting as well as creating the question paper for the same.

Mathematics StackExchange

Aryaman Maithani

Have garnered over **8000** reputation on Mathematics StackExchange and reached over **18000** people.

Project Euler

Project Euler is a series of challenging mathematical/computer programming problems that will require more than just mathematical insights to solve. Although mathematics will help you arrive at elegant and efficient methods, the use of a computer and programming skills will be required to solve most problems.

Have solved over **175** questions on Project Euler.

Technical Skills

Languages	LaTeX, Java, C++, Python, HTML, CSS, Markdown, Jekyll, Scratch
TeX-nical skills	tikz, tikz-cd, beamer class, seminar class
